WHY BERLIN

Built the way we've built sinks since 1941.

Every Pro-Series sink is formed, welded and polished by hand in South San Francisco. No stamping, no thin-gauge shortcuts: just heavy stainless built for professional kitchens, labs and homes that work as hard.

16 GA

1.65 mm stainless. Heavy enough for daily commercial use without flexing or drumming.

T-304

Premium high-grade stainless with a #4 satin finish. T-316L available on request.

Never Stamped

Fully formed, welded and polished. Clean, tight corners detailed for professional use.

Quiet

Sound-deadening coating on the underside cuts noise from water and cookware.

NSF Certified

NSF/ANSI cGMP certified. Code compliant with ASME A112.19.3.

Lifetime

Lifetime warranty on every Pro-Series sink. Made in the USA since 1941.

THE RANGE

Four configurations, 22 models

S-Series · Single Bowl

ACCESSORY

Stainless Bottom Grates

Custom-fit to every Pro-Series bowl to protect the finish and keep cookware off the drain.

Material	**Heavy-duty T-304 stainless**
Frame	**¼ in perimeter rod**
Feet	**Rubber, no-scratch**
Care	**Dishwasher safe**

T-316L Upgrade

Every model is available in T-316L stainless for caustic and corrosive environments, such as laboratories. Call 650.589.4231 for pricing.

How to Order

01 · Choose a model

Pick a series and size from pages 3–6, e.g. SL-432.

02 · Add grates

Optional stainless bottom grates, sized to the model.

03 · Specify material

T-304 is standard. Note T-316L if required.
